Leonard A. Martinez  
Director of Administration and Chief Financial Officer  
Kaiser-Hill Company, L.L.C.

Reference: Letter from Conway to Huntoon, dated March 23, 2001, Thermal Stabilization Activities in Building 707

The purpose of this memorandum is to formally transmit a copy of the corrective actions for the Building 707 thermal stabilization event concerns identified in the above reference.

The attached report presents a chronology of the events, identifies the errors that occurred, links the error to their root causes, and provides corrective actions to preclude recurrence. The corrective actions identified have been jointly agreed upon and have been discussed with the Defense Nuclear Facilities Safety Board staff.

Please make every effort to complete the actions by the estimated completion date. This stated technical direction is not intended to impact the cost, schedule, or scope of the contract. If you believe there will be such an impact, you should immediately notify the Contracting Officer's Representative and the Contracting Officer and not implement the technical direction received. If you have any questions, please contact Gregg Nishimoto at extension 7022.
